MESSAGE FROM
2025 NATIONAL PRESIDENT
JCI BANGLADESH
Kazi Fahad

It truly makes me happy to see this wonderful initiative from JCI Dhaka Founders — launching their very own Magazine & Directory! This publication is not just a collection of pages, but a reflection of the passion, teamwork, and impactful activities that this young and dynamic Local Organization has been delivering throughout the year.

As National President, I feel proud to witness how JCI Dhaka Founders has grown with such energy, creativity, and commitment toward positive change. My heartfelt congratulations to the entire team for their continuous effort to lead, inspire, and serve.

Keep shining and continue setting examples for others to follow!

A handwritten signature in white ink that reads "Kazi Fahad".

Kazi Fahad
2025 National President
JCI Bangladesh

MESSAGE FROM

FOUNDING PRESIDENT

JCI DHAKA FOUNDERS

M Asif Rahman

In 2023, I founded JCI Dhaka Founders with a bold and heartfelt mission: to unite young leaders under a shared vision where we could grow together, build a strong community, and create lasting impact.

What began as a dream has now become a powerful reality. In just three years, nearly a hundred passionate founders have joined hands, driving meaningful initiatives and setting new benchmarks for leadership and collaboration.

Our growth is a testament to what can happen when vision meets action. As we step into 2025, our commitment to empowering young leaders and shaping the future of Bangladesh is stronger than ever. The journey has only just begun.

A handwritten signature in white ink, reading 'Asif'.

M Asif Rahman
Founding President
JCI Dhaka Founders

MESSAGE FROM
2025 LOCAL PRESIDENT
JCI DHAKA FOUNDERS
S M Mehedi Hasan

I'm truly delighted to see the launch of our very own Magazine & Directory — a proud milestone for JCI Dhaka Founders. This initiative beautifully captures our journey, our people, and the spirit that drives us forward.

As a Local Organization, we've always believed in maintaining our legacy of leadership, learning, and impact. Every project, training, and event we organize is designed to empower our members — helping them grow personally and professionally while creating meaningful change in society.

I want to thank all our members, board, and contributors who made this publication possible. Together, we're not just building a stronger chapter, we're building a lasting legacy.

Mehedi Hasan

2025 Local President
JCI Dhaka Founders

MESSAGE FROM
2025 IMMEDIATE PAST
LOCAL PRESIDENT
JCI DHAKA FOUNDERS
Nahid Hasan

Being with JCI Dhaka Founders since day one has been a special journey for me. As the Founding Vice President, I saw the spark in this community of founders from the very beginning, and today, it makes me proud to see how that spark has grown into so many success stories.

Together, we've not only contributed to society but also launched projects that support economic empowerment, built meaningful bonds among founders, and created a true growth ecosystem. What makes me even prouder is how our chapter has stepped onto the global stage — through collaborations, cross-border projects, and twinning partnerships. We've exchanged ideas, built friendships, and carried the name of Bangladesh to international platforms.

As a Past Local President of JCI Dhaka Founders and now serving as the 2025 National Vice President of JCI Bangladesh, I want to sincerely thank our founding President and leaders, current president, and every member who has worked with passion to make this chapter what it is today.

The journey is far from over. Together, we will keep building, keep leading, and keep creating impact for our community, our country, and the world.

Nahid Hasan

Nahid Hasan

2024 Local President, JCI Dhaka Founders
2025 National Vice President, JCI Bangladesh

THE STORY OF JCI DHAKA FOUNDERS

Every great journey begins with a dream. In 2023, that dream was carried by M Asif Rahman, a visionary entrepreneur and community builder who wanted to create something different in the leadership and networking landscape of Bangladesh. He wanted to build a dedicated platform for founders, the ones who carry the weight of building businesses, creating jobs and shaping industries.

Mr. Asif imagined a space where entrepreneurs could step away from the isolation of their own ventures and come together as collaborators. A chapter that would not just host events, but become a movement of builders sharing lessons, facing challenges together and inspiring each other to dream bigger.

And thus, JCI Dhaka Founders was born. From the very first day, it was clear that this chapter would be different. Every member was a founder, a creator, a doer. Each meeting turned into an exchange of ideas, every project became a platform for innovation and every gathering felt like a family of dreamers bound by a shared vision.

In just three years, JCI Dhaka Founders has already:

				But beyond the milestones, what makes JCI Dhaka Founders special is its soul. It is a community of 90+ entrepreneurs, each with their own story, united by one belief: When founders grow, nations grow.
Hosted two international retreats in Nepal (2024) and Malaysia (2025) — creating history with its global footprint.	Launched projects like Career Connect 2.0 (empowering unemployed youth with jobs) and Nurturing Mental Wellbeing for Professional Women.	Represented Bangladesh at JCI ASPAC, JCI World Congress, APDC and international conventions, building bridges across continents.	Formed collaborations with chapters from Nepal, Malaysia, and beyond.	

This magazine is a reflection of that journey — of where we began, the milestones we have crossed and the limitless horizons ahead.

JCI Dhaka Founders
Built by Founders, for Founders
to Impact the World.

ABOUT JCI BANGLADESH

JCI Bangladesh is one of the active and result driven National Organizations of JCI. JCI Bangladesh had been contributing in creating leaders and resulting sustainable positive impacts in the society since its inception. The inception of the Jaycee movement in Bangladesh commenced in the year 1972 by young active citizens who were determined to identify problems in the existing social structure and create sustainable impact. The spirit of these young active individuals was mirrored rapidly by similar minded people and thus the first network of active citizens in Bangladesh was formed. In the 90's JCI Bangladesh went through extensive uplifting and enhancement. In the year 2000, JCI Bangladesh received its full affiliation status.

JCI Bangladesh use to conduct different community development projects addressing the SDGs, development interventions for members and young people of the country, do fellowship programs, partners with stakeholders for joint projects, conduct advocacy workshops, award ceremonies for recognizing outstanding young leaders, national level policy dialogues, round table discussions, workshops, conferences, summits etc.

JCI (Junior Chamber International) was founded in 1915 in St. Louis, USA by a young visionary, Henry Giessenbier Jr. What started as a small group of active citizens grew into a global movement that today spans more than 120 countries, with 150,000+ active members and millions of alumni.

The purpose of JCI has remained clear for more than a century:

- 🔑 Develop young people into leaders who take responsibility in their communities, businesses and the world.
- 🔑 Create positive change through practical action, not just ideas.
- 🔑 Empower citizens to think globally and act locally.

JCI works within the age range of 18–40 years, creating a safe and structured platform where young leaders can learn by doing. It is one of the few youth organizations formally recognized by the United Nations, and its work is directly aligned with the 17 Sustainable Development Goals (SDGs).

Through leadership development, community projects, international networking, and business exchange, JCI has been shaping leaders for more than a century. Many successful entrepreneurs, policymakers, and global changemakers have their roots in JCI.

Congratulations

2025 FOUNDERS GOING GLOBAL

2025 marked a bold new phase for JCI Dhaka Founders. Under the leadership of Local President S M Mehedi Hasan, Founder of Coder71 Limited, the chapter reached new heights with its membership rising to nearly 90+ diverse entrepreneurs spanning technology, manufacturing, design, services, and more. This growth reflected not just in numbers, but in the energy, engagement, and inclusivity of our community. The highlight of the year was our Second International Retreat and GMM in Malaysia. Traveling with 45+ founders together abroad, JCI Dhaka Founders truly established itself as an international chapter. The retreat combined strategy sessions, bonding and cultural exploration, proving once again that Founders are stronger when they step beyond borders. Our active participation in the JCI Malaysia Area North Convention and a large representation at ASPAC

Mongolia 2025 set new milestones for the chapter. For the very first time, we were contributing at the regional level, showcasing the strength and expertise of Bangladeshi founders on a global platform. Locally, the Host the Founders series continued to inspire and grow, with engaging episodes hosted at NEXT Venture, SWISH HQ, Chaldal, and more — keeping the Founders' tradition of learning and sharing alive. On the impact front, Green Future Project 2.0 carried our commitment to sustainability forward with a large-scale tree plantation drive, reminding us that growth is meaningful only when it is sustainable. 2025 was a year of international recognition, local action, and collective pride — proving that JCI Dhaka Founders is not just a chapter, but a movement.

EXPANDING HORIZONS UNDER STRONG LEADERSHIP

2024 became the year of breaking borders and stronger leadership. With Nahid Hasan serving as 2024 Local President, supported by an active and committed board, JCI Dhaka Founders thrived with both vision and execution. Together, the board and members built momentum, turning ideas into action and events into impact.

The historic International Retreat in Pokhara, Nepal wasn't just a milestone for us — it was the first time in JCI Bangladesh history that a local chapter hosted a GMM abroad. It created memories, deeper connections

and set a new benchmark for JCI chapters nationwide. On the global stage, our presence at ASPAC Cambodia 2024 proved that JCI Dhaka Founders were not just attending — we were contributing, connecting, and building visibility for Bangladesh in front of 40+ countries. Alongside twinning initiatives, collaborations, and meetings with JCI Nepal and JCI Pokhara showcased our commitment to building bridges across borders. 2024 was the year JCI Dhaka Founders found its rhythm: a balance between local growth, international exposure and the true spirit of Founders.

THE BEGINNING OF A DREAM

When JCI Dhaka Founders was born, it wasn't just another chapter opening — it was the spark of a community built exclusively for entrepreneurs, innovators, and builders of tomorrow. Under the leadership of Founding President M Asif Rahman, a group of like-minded leaders came together to create a space where entrepreneurs could grow beyond boundaries, inspire each other, and leave an impact in both business and society. The year was about identity building. We didn't just launch an organization; we created a safe space where entrepreneurs could connect without masks, share their real struggles and learn from each other. The chapter started with high energy, combining the entrepreneurial spirit with JCI's values of leadership, service and global

citizenship. Our first General Members' Meeting (GMM) in Dhaka became a moment of pride, where dreams turned into structure.

We hosted our very first "Host the Founders" event, which quickly became the chapter's signature. It wasn't just another networking session — it was founders sitting with founders, listening, questioning, and inspiring. Beyond business, we created warmth through a memorable Family Day where spouses, children and families became part of the story.

To set the tone for the future, we even launched a pioneering AI training session — a first in JCI Bangladesh — proving early on that JCI Dhaka Founders would always stay ahead of the curve.

Club JCI Limited is a dynamic social club designed to connect, empower and inspire young entrepreneurs and visionary leaders. More than just a meeting place, it has become a hub where ideas turn into collaborations and friendships turn into lifelong networks.

Situated in the heart of the city at Gulshan 2, the club serves as a vibrant platform for aspiring changemakers to network, collaborate, and grow together. It welcomes both current and past members across different chapters of JCI Bangladesh, fostering a unique bridge between generations of leaders.

For JCI Dhaka Founders, Club JCI Limited holds a special place. We are proud to share that about 20 of our members are currently part of this vibrant club, making us one of the strongest represented groups within the community.

Being active in Club JCI Limited not only strengthens bonds within our own chapter but also opens doors to cross-chapter opportunities, larger collaborations and social impact projects that go beyond borders.

JCI Senatorship is the highest form of individual recognition within Junior Chamber International (JCI), honoring members who have demonstrated exceptional leadership, service, and commitment to the organization's mission. It represents a lifetime achievement and celebrates members whose dedication and impact have strengthened both JCI and their communities. JCI Dhaka Founders proudly has 15 Senators representing this prestigious recognition until 2025, upholding the spirit of excellence and leadership.

Recognition: Each honoree becomes a JCI Senator for life, receiving a unique Senator number, official certificate, and lapel pin — symbols of global honor and lifelong affiliation with JCI.

Privileges: Senators enjoy lifetime membership in the JCI network, access to exclusive international events, and the right to use the title "JCI Senator" before their names. They also join global Senate associations that connect and mentor emerging leaders.

Process: The title is awarded through formal nomination by a Local or National Organization and approved by the JCI Board, ensuring that only those with truly distinguished service are honored.

Legacy: More than an award, it signifies integrity, leadership, and service — embodying JCI's motto, "Service to Humanity is the Best Work of Life."

LOCAL PRESIDENT

JCI
Dhaka Founders

Nahid Hasan, Founder & CEO of Bizcope and Author of Zero Dollar Marketing, leads one of the fastest-growing AI-driven global digital marketing agencies. Starting in 2010 with just one computer and a dream, today Bizcope operates from Florida, Dhaka, and Kuala Lumpur with a global team, serving thousands of brands like Logitech, Mobil, Payoneer, Swish, and more, while winning multiple awards in digital marketing and business.

DIGITAL MARKETING & GROWTH HACKING AGENCY

We've seen brands with great products and services struggle simply because they don't know how to market themselves. The result? They reach fewer people, they struggle to grow, and the world misses out on their solutions. That's where the Bizcope mission begins, helping brands generate more sales with smart digital marketing strategies. Backed by a 50+ member global team and proven expertise in SEO, digital marketing, web design, and video production, Bizcope continues to drive measurable growth and lasting impact for businesses worldwide.

COMPANY INFO

bizcope.com

Level 4 & 5, Nadian Tower (89/7 Gopibag,
Dhaka-1203)

OUR NUMBERS

Since 2010, Bizcope has driven growth for 1000+ global clients, ranking 100,000+ keywords and generating 10M+ leads. We've delivered billions in client revenue, built 1000+ websites, and run hundreds of campaigns. With 3 offices and a 50+ team, we turn strategies into real results.

SERVICES & FOCUS

At Bizcope, we help brands scale. From SEO driving 10x traffic, to digital marketing that turns leads into loyal customers, to web design and video that increase engagement by 300% — our focus is clear: generating measurable revenue growth worldwide.

SUCCESS STORY

Lightshore Network set up a school for Garo and Hajong children in Netrokona, now educating 18 students. It raised menstrual hygiene awareness for 2,000+ girls, placed 8 sanitary boxes, distributed 10,000+ napkins, planted 1,000+ trees in 20 districts, and ran 50+ skills sessions for rural women entrepreneurs.

VISION

Our vision is to create inclusive and sustainable communities by advancing education, equality, and climate action. Through schools, skills training, menstrual health advocacy, and environmental initiatives, Lightshore empowers people to thrive with dignity.

Founder & CEO

+88 016 7412 0030

rifathaque27@gmail.com

linkedin.com/in/rifatulhaque

LOCAL
VICE PRESIDENT | JCI
Dhaka Founders

Rifatul Haque is the Founder & CEO of Hermizon, graduated from the University of Hong Kong and returned to Bangladesh with a vision to redefine footwear industry. He started a small manufacturing unit which has grown into Hermizon, a leading fashion brand creating affordable, stylish shoes with global comfort standards, empowering women with confidence in every step.

HERMIZON

**FASHION &
MANUFACTURING BRAND**

Hermizon is a Bangladeshi women's footwear brand born from craftsmanship and vision. From a small manufacturing unit, it has grown into a leading fashion brand with 3 flagship outlets, 30+ partner stores, and a thriving 1M+ online community. Hermizon creates stylish, affordable shoes built with global comfort standards—designed to empower women with confidence in every step.

IMPACT STORY

Wherever we go - universities, offices, airports, we spot women walking in Hermizon. One bride insisted on wearing only Hermizon on wedding day & ordered 6 months early from abroad. Another loyal customer ordered 49 pairs in last 3 years. From daily commutes to life's milestones, Hermizon is part of every journey, Alhamdulillah.

OUR PRODUCTS

Hermizon brings handcrafted women's footwear for every occasion—heels, kolapuris, flats, monsoon styles, sneakers, and wedding specials paired with putlis. Beyond shoes, our handbags, belts, and sunglasses are shaping Hermizon into a complete lifestyle fashion brand.

LOCAL GENERAL
LEGAL COUNSEL | JCI
Dhaka Founders

Enterprise RevOps Consultant with 10+ years of experience in business operations, deal desk, and GTM systems. Skilled in Salesforce, CPQ, and process optimization, I help revenue teams scale effectively by aligning sales, operations, and strategy to drive predictable growth.

BUSINESS CONSULTANT

I work with companies to optimize how they operate and grow. That could mean improving the way sales teams close deals, streamlining everyday processes, or setting up systems that save time and reduce mistakes. My goal is always the same: to create structures that make businesses stronger, more efficient, and ready to scale.

SUCCESS STORY

Over the years, I've managed large markets, led global remote teams, and improved how companies handle their revenue. For example, I've helped organizations like Upwork Inc., Lifted, and WeWork solve operational challenges and build systems that supported long-term growth.

Let's turn chaos
into clarity.

VISION

To help businesses unlock their full potential by connecting people, processes, and technology in the right way. I believe operations should do more than just "keep things running." Done well, they can be the driving force behind growth for years to come.

I'm Ahmad Syed Anwar, CTO & Marketing Manager at Nifty IT Solution Ltd. With 10+ years in agile development, I lead teams building AI-driven, secure, scalable solutions. My expertise spans intelligent automation and AI-powered applications. I excel at AI transformation workshops, end-to-end project delivery, ensuring innovative solutions that drive business value—on time and budget.

SOFTWARE COMPANY

Nifty IT Solution Ltd. is a Dhaka-based custom software development company founded in 2021. We deliver scalable, cost-effective web and mobile apps, cloud platforms, SaaS products, AI agents, and IT outsourcing services across Energy, Retail, and Professional Services sectors, helping businesses transform through innovative technology solutions.

AI SOLUTIONS THAT WORK

Our AI agents transformed operations for key clients: streamlined a bookkeeping firm's processes, reducing 90% of repetitive tasks, and deployed Smart SQA to automate software testing without traditional QA teams. Result: 90% efficiency gains, faster delivery, and zero compromise on quality—proving AI drives real business.

SERVICES

We offer AI-powered software & SaaS, intelligent mobile apps, legacy AI modernization, cloud automation, and AI-driven bookkeeping. Using ReactJS, Node.js, AWS, automation frameworks, QuickBooks & Xero, we deliver AI transformation that eliminates repetitive work across industries.

Founder, Kaz360

+88 017 1108 1498

ei@emrazina.com

linkedin.com/in/emrazina

I began my journey in 2011 as a designer and soon had the opportunity to work with global brands like Ericsson and The Economist. In 2014, I founded Emrazina Technologies, followed by Kaz360, a marketplace for skill-based services. Over the years, I've been honored with awards including the BASIS Outsourcing Award (2014) and Best Female Freelancer Award (2019).

MARKETPLACE FOR SKILLS & SERVICES

Kaz360 (www.kaz360.com) is a Bangladeshi online marketplace connecting freelancers and service providers (sellers) with customers (buyers) seeking skill-based services or products. From baking and event management to music, web development, and design, any talent can be showcased and sold. Kaz360 empowers individuals to monetize their skills while giving buyers easy access to diverse, quality services and products.

SERVICE CATEGORIES

Examples but not limited to: Arts & Crafts, Baking, Butcher Service, Homemade Cooking, Dance, Event Management, Gardening, Handmade Gift Items, Health & Fitness, Interior Services, Makeover, Medical Consultancy, Mehedi Art, Music, Photography, Printing, Quran Learning, Tailoring, Teaching, Videography, Voice-Over, Writing

OUR JOURNEY

It's been 1 year since we launched Kaz360! Across 39 categories, nearly 800 services are showcased. Our service providers/sellers have earned 9+ lac BDT, with 99% 5-star reviews. We're excited to keep connecting more sellers and buyers through this growing marketplace!

JANNATUN NAYEEM

Co-Founder & CMO, Orbe3D

+88 019 2801 1265

nayeem@orbe3d.com

www.linkedin.com/in/j-nayeem

I'm Jannatun Nayeem, Co-Founder of Orbe3D. I completed my Bachelor's in Graphic Design & Multimedia and saw how costly photoshoots slowed ecommerce. At 25, I launched Orbe3D to build interactive 3D digital twins that let customers view, rotate, and personalize products instantly - making product discovery faster and more confident.

3D DESIGN AGENCY

Orbe3D is a global 3D design agency turning products into photoreal digital experiences. From catalogs and ads to 360° spins, AR try-ons, and interactive configurators, we help furniture brands showcase products in ways photoshoots can't - driving sustainability, faster launches, and engaging shopper journeys across web and mobile.

SUCCESS STORY

Orbe3D helps retailer brands lift performance: shoppers are 27% more likely to buy after 3D views and 65% more likely after AR try-ons. Our models also drive 44% more add-to-carts, nearly 2x higher conversions, and up to 40% fewer returns.

SERVICES

We create photoreal 3D models and renders - white-background, lifestyle, or animation. Services include 360° spins, AR/VR-ready assets, interactive configurators, and digital prototyping. One 3D model can generate unlimited visuals for catalogs, ads, and immersive shopping.

As Co-Founder and CTO of Dial2Support, my goal is to help businesses grow by providing them with outsourced customer support and digital tools. I am a specialist in online payment systems. I help businesses with everything they need to accept payments online—from opening and setting up their accounts to fixing problems and recovering funds that get stuck.

CUSTOMER SUPPORT & E-COMMERCE

Dial2Support was founded to help businesses scale through smart outsourcing and digital solutions. We specialize in customer support, virtual assistance, and e-commerce order management with secure payment gateways like PayPal and Stripe. Alongside that, our expertise in web development, social media management, and lead generation empowers companies to boost efficiency, cut costs, and achieve global growth.

SUCCESS STORY

At Dial2Support, we are proudly supporting 50+ international clients. For more than six years, we've been a trusted partner to local and global businesses, helping them launch and scale. Our commitment to empowering ventures drives us to deliver exceptional support that fuels growth and success.

OUR VISION

Our goal is to be your all-in-one partner for selling products online—especially in the USA and UK. We know it can be challenging to handle payments, customer service, and shipping on your own. That's why we bring everything in one place. We're here to make global selling simple for you.

getexcelbd@gmail.com

linkedin.com/in/syfurrana

I'm Syfur Rana, Founder & CEO of Getexcel – and digital growth is what I do best. Since 2011, my team and I have mastered the art of ranking brands online by optimizing thousands of keywords and improving search visibility. We've also created and optimized over 4,000 YouTube videos to help them reach the right audience. Along with that, we have created designs for more than 23,000 products on Etsy across 13 different stores. My goal is simple: help brands achieve higher rankings, more traffic, plus stronger connections with the right people.

DIGITAL MARKETING AGENCY

Since 2018, Getexcel has helped businesses worldwide grow through SEO, PPC, Video Editing, Social Media Marketing and Content Marketing. By combining strategy, creativity, and technology, we boost rankings, increase traffic, and drive measurable results that maximize revenue and long-term business growth.

SERVICE

Getexcel is a trusted digital marketing agency with 9+ years of experience. Our services include SEO, Video Marketing, Video Editing, PPC, and Social Media Marketing.

tabendahossain@gmail.com

linkedin.com/in/tabenda-hossain-a007b646

I began as a Freelance Graphic Designer in 2017, expanded into mentoring in 2020, and founded Scale Up in 2023, a soft-skill development organization empowering growth and careers. My work has been featured on Al Jazeera English, Nas Academy, Kaler Kantho, and Channel i.

**SOFT-SKILL
DEVELOPMENT ORGANIZATION**

Scale Up is a skill development organization founded in 2023, dedicated to enhancing soft skills that empower careers and lives. We have trained over 1,000 people through online and offline programs, workshops, and events. Our work has been featured on Kaler Kantho, and Channel i.

FIRST BATCH: 500+ JOINED

We launched our first batch in collaboration with the Women and e-Commerce Forum (WE), where over 500 participants joined our online program "Photography o Design er Hatekhor" from different districts of Bangladesh.

OUR JOURNEY & IMPACT

Founded in 2023, Scale Up empowers lives through soft-skill development. Our first online batch with WE Forum had 500+ participants. We've trained 1,000+ people via workshops and events, and our work has been featured on, Kaler Kantho, and Channel i.

I'm Tamim Asif Chowdhury—Digital Coach, Co-founder & COO at Mindvana Limited. A creator and growth-driven thinker, I help build businesses, personal brands, and meaningful human connections in the digital age. Passionate about strategy, awareness, and transformation, I aim to create brands that inspire, movements that last, and experiences that change lives.

PERSONAL GROWTH & WELL-BEING

Mindvana is a personal growth and life transformation platform—where modern science meets timeless wisdom to elevate mind, body, and soul. Through immersive programs and experiences, we enhance well-being, build resilience, and awaken purpose. More than a platform, Mindvana is a movement empowering people to live extraordinary, fulfilling, and deeply conscious lives.

WHY MINDVANA EXISTS

Mindvana's core values are Compassion, Transformation, and Future Vision. Compassion unites people beyond barriers. Transformation drives continuous inner and outer growth. Future Vision inspires bold dreaming and mindful action to co-create a better, more conscious world for all.

BEHIND THE MAGAZINE & EDITORS NOTE

Every great initiative begins with a spark – and for this magazine, that spark emerged from the our general members. What started as a simple idea soon evolved into an extraordinary journey – a united effort to tell the story of JCI Dhaka Founders through the voices, achievements, and dreams of its members.

As the idea gained momentum, a dedicated editorial team formed, bringing together Naim Ahsan, Ferdous Ahmed, Rashed Mazumder, FHM Waresur Rahman, Afshana Rahman, and ASIQ Mohammed. With the invaluable guidance and support of LP, this dynamic team worked tirelessly to transform the concept into a vibrant publication that reflects the unity, energy, and purpose of our chapter.

From gathering member stories and profiles to compiling our directory, every page of this magazine is the result of countless brainstorming sessions, late-night discussions, and shared laughter. What began as a project soon became a meaningful journey – one that strengthened our bonds and reaffirmed why we came together in the first place: to create impact and build leaders.

A heartfelt thank-you to all our board members, general members, and contributors who made this publication possible. Your dedication, insights, and enthusiasm have given life to this magazine – a true reflection of our collective passion and progress.
